FOR THE PARENTS

Summer Vacations are here. A few vital suggestions are listed below to make the vacations more exciting and fruitful than ever before:

- ★ Keep at least half an hour a day for sharing experiences with your child.
- ★ Encourage your child to speak in English. Fix one hour in a day when you communicate with your child only in English.
- ★ Tell your child different stories regularly and encourage him to describe what he/she would do in a similar situation. Here are few suggested titles which you can read with your child.
 - a. Hare and the Tortoise
 - b. Emperor's New Clothes
 - c. Thumbelina
- ★ Let your child colour, draw, paint, play with water and sand etc.
- ★ Restrict his or her television watching, confining it to interesting children's programs, cartoon films, Discovery channel etc.
- ★ To improve the formation of letters, make your child write a page every day.
- ★ Develop self-help skills: Let your child dress and feed on his/her own.
- ★ Make him understand the importance of cleaning his room and putting away toys and belongings after use.
- ★ Take your child out for picnics and to other places of his/ her interest. Ask him/her to make a note of all the places he/ she visits and the things he/she sees so that he/she is able to discuss his/her experience in class after the vacation.

Have a nice time!

Project- Based Research Writing

Chapter Link: Journey to the End of the Earth by Tishani Doshi

Assignment Topic:

“Journey of Plastic” – A Research Paper (1000 words)

Inspired by the chapter Journey to the End of the Earth, write a research-based paper (approximately 1000 words) on the topic “Journey of Plastic”.

Your paper should explore:

- ✓ The life cycle of plastic – from production to disposal
- ✓ The movement of plastic through land and water bodies
- ✓ Its impact on ecosystems, especially marine and polar regions
- ✓ Current global challenges and solutions related to plastic pollution
- ✓ Your reflections on how this issue relates to the themes of the chapter

Guidelines to complete the task:

Dear students:

“You’ll write a research-based paper in about 1000 words. Don’t worry – we’ll do it in small parts. You’ll explore facts, ideas, and examples about plastic pollution and link it to what we read in the chapter.”

Follow this structure:

Use at least 3 credible sources (articles, documentaries, environmental reports, etc.) in the following way-

Introduction – What is plastic pollution? Why is it a global concern?

The Life Cycle of Plastic – From factory to trash.

The Global Journey – How plastic travels across oceans, affecting places like Antarctica.

Impact on Ecosystems – Wildlife, marine life, and human health.

Possible Solutions – How can we reduce the impact?

Conclusion – Your reflections and what you think can be done.

“Use 3 to 5 sources like articles, videos, or reports. Note the author, date, and website.”

National Geographic

WWF (World Wildlife Fund)

UN Environment

Clean Seas Campaign

“Don’t copy everything. Read and write down the important points in your own words. Make small notes for each section of your paper.”

“Start writing your paper using your notes. One paragraph for each section. Don’t aim for perfection. Just write.”

A sample paragraph starter:

“Plastic, one of the most used materials globally, has a journey that often ends in places where human activity is least expected – like Antarctica...”

Present your paper in a structured format with an introduction, body, conclusion, and bibliography

Maintain academic tone and originality

Neatly handwritten

Submission Date: First week after school reopens.
